

Grade 5

LESSON 1 - NUMBERS UP TO 1000

The numbers that people use to  **COUNT** are called Natural Numbers.

Natural Numbers start with a 0 and go on forever in a positive direction.

Natural Numbers (positive integers)

$$\begin{array}{ccc} 3 & 8 & 4 \\ \text{hundreds} & \text{tens} & \text{ones} \end{array} = 300 + 80 + 4$$

Addition

$$384 + 592 =$$

$$\begin{array}{ccccc} 384 & + & 592 & = & 976 \\ \text{summand} & & \text{summand} & & \text{the sum} \end{array}$$

Vertical Addition

$$\begin{array}{r} 384 \\ + 592 \\ \hline \end{array}$$

Subtraction

$$530 - 80 =$$

$$\begin{array}{ccccccc} 530 & - & 80 & = & 450 \\ \text{minuend} & & \text{subtrahend} & & \text{difference} \end{array}$$

Vertical Subtraction

$$\begin{array}{r} 530 \\ - 80 \\ \hline \end{array}$$
